Application:

Dialight introduces the new state-of-the-art fixture for industrial signal and emergency light. Its rugged solid state design creates a new era where failed lamps and expensive relamping costs become a thing of the past. The RTO series incorporates cutting edge LED technology and is the most efficient light source available for industrial lighting applications. Whether your application is in a refinery, oil platform, chemical plant or any other industrial application, this fixture offers improved performance across the board.

All of Dialight's long life LED luminaires are designed to meet the most demanding specification criteria while offering maximum energy savings, reduced maintenance costs, and a superior quality of light.
